

Association for Commuter Transportation

The Association for Commuter Transportation is an international trade association and leading advocate for commuter transportation and transportation demand management.

Whether you work for a **business, transportation management association, university, or service provider**, ACT helps you connect with other professionals in your efforts to reduce traffic congestion, conserve energy, and improve air quality.

ACT provides you with resources and support to enhance your experience and effectiveness as a transportation demand management (TDM) professional.

ACT members benefit through:

- ▶ Local Chapters
- ▶ Annual International Conference
- ▶ Specialized Councils
- ▶ Advocacy
- ▶ National & Local Chapter Newsletters
- ▶ ACT Leadership Academy
- ▶ Webinars
- ▶ TDM Review Magazine

“What I love about ACT is the diversity of its members and its singular mission. ACT membership includes large employers, universities, colleges, DOT’s, transit agencies, MPO’s, TMA’s, international partners and many other types of organizations. These organizations all work together to improve our world by reducing congestion while improving our journey through life.”

Rob Henry, GVF Executive Director & ACT Vice President
